

## WINEMASTER BUILT-IN

**WINEC25X**

**WINEC50SR**

These WineMaster air conditioners belong to the built-in solutions. They are installed in an outer partition wall and will turn any properly insulated room into a real wine cellar.

The front-facing side has a textured look with silkscreen printing for a more upscale effect, 2 rotation speed setting for the cellar-side fan which is equipped with « Energy Saver Motor » technology, operated silently thanks to the use of new materials.
